# SK-II SKIN CLARITY FACIAL

*SK-II Boutique Spa*

### IN THE CLEAR

Known for its skin-renewing properties, SK-II's iconic ingredient, Pitera, feeds skin with a unique blend of essential nutrients. To further enhance the effects of Pitera, the Skin Clarity Facial combines carefully selected SK-II products with effective pore-cleansing techniques to transform dull and blemished skin for an enviably clear complexion.

### TRANSFORM YOUR SKIN

Designed to deeply cleanse skin and unclog congested pores, the SK-II Skin Clarity Facial begins with thorough cleansing before an

extensive extraction is performed to carefully remove pesky comedones. Each beauty therapist at SK-II Boutique Spa has been formally trained in manual extraction

techniques as well as the correct use of extracting tools so that clogged pores can be addressed while remaining gentle to skin.

Next, Ionic Silver Gel and Cryo technology are used to cool and disinfect the extraction spots. A face mask is then applied to replenish skin with hydration, improve its elasticity and reduce signs of redness. Finally, a recovery gel protects the extracted areas while the rest of your skin is moisturised.

### ATTENTION TO DETAILS

That's not all you can expect from a trip to the SK-II Boutique Spa. Feel fully at ease as you recline in the custom-made Sensational Bed swathed in luxury bedding. The Aromatic Ritual, an aromatherapy inhalation also makes you feel right at home while your skin is transformed.
