SK-II Sensational Facial

CATEGORY: RELAXING FACIAL MASSAGE

Stress doesn't just affect your health; it can also worsen skin problems. Your skin may be more prone to acne, redness, under-eye bags, among others, and you could lose that "glow". Stress can also prevent your skin from absorbing nutrients from products.

A facial is one way to de-stress and restore vitality, not just to your skin but overall well-being. No wonder SK-II Boutique Spa's Sensational Facial is an all-time favourite – it is specially designed to tackle multiple skin problems

such as dullness, pigmentation, wrinkles and sagging while calming the mind and body.

This stress-relieving facial includes the signature SK-II 55-step face massage, eye treatments and ends off with a relaxing and soothing scalp massage. You'll enjoy the goodness of SK-II products as professional therapists work to give you glowing skin and a complete feeling of wellbeing. At \$260 (90 mins).

Refresh and rejuvenate your skin

Senze Awakening Add-On

Want even better results? Add Senze Awakening to your facial, a customised treatment that uses electromagnetic pulses which are converted to "active energy" to treat various skin conditions. Try it for \$160.

Senze Oxygenated Eye Add-On

Don't forget the areas around the eyes if you want to achieve a youthful look. The Senze Oxygenated Eye add-on treatment refreshes the delicate eye area with 98 per cent oxygen. This is said to improve skin's healing ability and repair damaged cells. Try it for \$130.
